How to Use Your Eco Pass Clipper Card on VTA

Beginning January 1, 2014 you may begin using your Clipper card. You must tag to activate your Eco Pass Clipper card.

Step 1: Arrive early and locate the Clipper card reader at the front of the bus or on the light rail platform near the ticket vending machine.

Step 2: Tag your card by touching the Clipper logo on the reader, making sure to hold the card flat long enough until a single beep is heard and a green light is displayed by the card reader. (Forgetting to tag your card prior to boarding light rail could result in a fine.)

Step 3: After tagging your card please have it available to show a VTA fare inspector when asked.
