Dear Stanford ‘ES’ Permit Holder,

We have continued to assess parking demand, and we hope you are pleased to know that we are implementing a change that will increase parking availability for ‘ES’ permit holders.

Five rows of parking in Wilbur North Lot (L-63) will be converted to ‘ES’/ ‘C’ parking, effective Wednesday, Oct. 25. This change affects the 220 parking spaces closest to Campus Drive. The other 155 spaces in the lot will remain designated as ‘EA’/ ‘ES’/ ‘C’.

Please review the map at the end of this email for the location of the affected area, which you also will find on our EVGR Maps page.

As a reminder, you may also park in commuter (‘A’ and ‘C’) and Visitor spaces over the weekend and between 4 p.m. and 6 a.m. (‘A’ or ‘C’ spaces) or until 8 a.m. (Visitor spaces) on weekdays. Please refer to the ‘ES-Permit ‘Where You Can Park’ map for details.

Thank you for your patience while the Escondido Village Graduate Residences project improves housing options for graduate students. We hope this parking-designation change makes a positive difference for you as an ‘ES’ permit holder in the interim.

If you have questions, please contact Parking Operations by calling 650.736.7619.
