

## HOW TO FUND YOUR BART EZ-RIDER PARKING ACCOUNT WITH PRE-TAX COMMUTER BENEFITS

Select "YES" under the recurring option to have your order automatically fulfilled each month and to complete the order.

### Step 1

Log into your Commuter Benefits account and place a parking order for the Commuter Check Prepaid Mastercard®.

Here's how:

- Hover over "Place Order" and select "Parking."
- Select "I pay with a debit / credit card."
- Choose the Commuter Check Prepaid Mastercard option.
- Enter the amount you want loaded to your Mastercard each month. Be sure to load enough to pay your monthly BART parking. Please refer to this link: [BART Parking Fees](#).
- Enter a four digit activation code that you will remember, so you can activate your card before use.
- Enter your birthdate. This will be required to verify your identity should you need to call Edenred customer support.
- Select "YES" under the recurring option to have your order automatically fulfilled each month and to complete the order.

### Step 2

Your new Mastercard will arrive around the 23rd of the month and all subsequent electronic loads will take place on the 19th of the month prior to use (e.g. April 19th to receive the May benefit month). Please activate the card once it's received. If you do not receive it, please contact customer service at [CCDcustomerservice@edenredusa.com](mailto:CCDcustomerservice@edenredusa.com) or 888.235.9223.

### Step 3

If you already have a BART Parking EZ Rider account, please log in to your BART EZ Rider account and update your payment method to your new Mastercard number.

If you do not have a BART Parking EZ Rider account, you'll need to create one by following these instructions:

- Go to <http://ezrider.bart.gov/ezrider/signup.jsp>.
- Click on "Create New Account."
- Select "BART Parking Account."
- Follow the prompts to create a new account.
  - A valid Clipper card serial number is required.
  - Have your new Mastercard available, as you will need to enter the Mastercard number and expiration date.

### Step 4

Once you receive your parking hang tag in the mail (within 3 business days) you need to display it in your rear view mirror or dashboard. Once you tag your Clipper card at a BART Parking Validation Machine, it will trigger the payment to be deducted from your parking account during the nightly cycle.
