# ON THE MOVE

*Stanford Redwood City Transportation*

## What we're learning from our SRWC "pioneers"

It's exciting to see dozens of Stanford Redwood City (SRWC) employees moving into their new offices each week. We are grateful to these SRWC "pioneers," who are paving the way for those who follow.

Based on customer feedback, we have adjusted our processes and communications, including communicating the message from SRWC Operations about Barron Garage safety and providing more information about the Commute.org (peak-hour) shuttle, finding the [shuttle stop at the Redwood City Caltrain station](#), and how to spot the midday Marguerite bus.

With each move, our staff are answering questions at Move Meetings, assisting commuters on move-in days, and guiding commuters at the Redwood City Transit Center. We also are hosting First Friday Commute events at SRWC.

Please continue to let us know if you have commute and transportation needs before, during, and after your move through our [comment and feedback form](#) or call us at 650.723.9362.

### Did You Know?

Safety first! There are no left turns into or out of the Barron Garage from Bay Road. Instead, use the

School of Medicine employees tour Stanford Redwood City during a "Try Your Commute Day" event.

## Plan a "Try Your Commute Day"!

To prepare for your new SRWC commute, consider organizing a "Try Your Commute Day" for your department.

It's a great opportunity to match experienced transit riders and bicyclists with those who are less experienced.

"All the participants were happy with the experience," said Leonie Batkin, managing director of asset management. "And four who are not [sustainable] commuters now will be commuting three to four days a week after we move."

Find out how to plan your own event:

## What to Expect Before Your Move

Karen Huynh, rideshare coordinator, hosts a First Friday Commute event at Cardinal Hall.

## First Friday Commute Events and Bike Registration at SRWC

As you move into your new office at Stanford Redwood City, we will be available on the first Friday of each month to provide on-site bike registration and help with your commute.

Ariadne Delon Scott, our associate director of active mobility, will be at the upcoming events to answer bike questions and provide on-site [bike registration](#).

Our staff will be available to answer questions about commute modes, resources, and incentives, and can help you explore your commute options.

We look forward to seeing you!

### Upcoming Events:

**May 3 and June 7**  
11 a.m. to 1 p.m.  
Cardinal Hall

Barron Avenue entrance and exit.

- [Barron Garage entrances and exits map](#)
- [Email regarding left-turn safety](#)

Additional garage safety tips:

- Drive slowly and attentively. Anticipate the presence of other motorists, pedestrians, and cyclists.
- Remain on the right side as you drive around the garage.

## SRWC Commute Survey results

Thank you to those who responded to our SRWC Commute survey between February and March.

Among the 17 percent who responded, 81 percent had already decided how they would to commute to SRWC. Of those, 49 percent planned to use a sustainable commute, with 27 percent opting for Caltrain. [View the survey results](#).

Congratulations to our Commute Survey winners:

- [Suzanne Ferris](#), Business Affairs

If you haven't moved yet, you can expect to receive an email from us at least one week before your move letting you know you can purchase a SRWC parking permit, join the Commute Club, or participate in other SRWC commute programs. If you have questions in the meantime or need assistance, contact us through our [comment and feedback form](#).

- [Jose Plascencia](#),  
Office of Research  
Administration.

They each won a \$50 Amazon gift card in our survey prize drawing.
