Driving options

With Stanford's [virtual parking permit system](#), your license plate becomes your virtual permit. You do not need to come pick up your permit or wait for it in the mail. Your permit can be valid immediately when you purchase it and enter your vehicle information.

- You will be able to purchase '[C-SRWC](#)' permits at least a week in advance of your move-in date. (We will notify you when it is available to you.)
- You will be able to purchase daily and monthly or long-term '[C- SRWC](#)' permits, and also daily 'A' permits or all-day visitor permits for main campus, if needed.
- Don't forget to link your vehicle's license plate(s) to your permit. Visit [tips to avoid a citation](#) and our [SRWC Parking FAQ](#) to learn more.
- Refer to our [SRWC parking map](#). Please note that turning left from Bay Road to enter the garage is prohibited. If you are approaching from the west on Bay Road, please turn left on Barron Avenue and use the Barron entrance. When exiting the garage, if you need to turn left (east), please exit on Barron Avenue, since left turns should not be made from other exits.

Three ways to save on your SRWC permit

1. If you are planning on coming to SRWC only a few days a week, you could join the Commute Club and [purchase daily permits](#). Commute Club members receive up to **\$300 in Clean Air Cash**, which can help offset the cost of a 'C' permit.
2. If you are eligible, you can receive special pricing when using the Scoop carpooling app. Drivers receive up to \$12 per trip and riders ride for as little as \$1 per trip with [Scoop!](#)
3. You may be eligible to save up to 40% by purchasing your parking permit with [pre-tax payroll deduction](#).
